THOMAS WHITE INTERNATIONAL ADR STRATEGY AWARDED

2013 SMA MANAGER OF THE YEAR

BY ENVESTNET AND INVESTMENT ADVISOR MAGAZINE

Chicago, May 2, 2013 –Thomas White International has been named the 2013 Separately Managed Accounts (SMA) Manager of the Year in the International Equity category by Investnet and *Investment Advisor*. The firm previously won the award in the same category in 2011.

The SMA Awards were established by Prima Capital, acquired by Investnet in April 2012, and *Investment Advisor* to honor best-in-class SMA managers. The awards recognize the investment performance over the past year of SMA asset managers in four different categories.

ADRs or American Depository Receipts are bank certificates, denominated in U.S. dollars and traded on a U.S. stock exchange, representing equity shares of foreign corporations. ADRs allow domestic investors to invest in stocks of international corporations with relative ease, at lower exchange rate risks and transaction costs.

The Thomas White International ADR strategy, managed by the firm's five-member Investment Committee, produced investment returns of 18.5% (net of management fee) for the year ended December 31, 2012, compared to 17.3% for the MSCI EAFE Index (net). For the trailing 3, 5, and 10 years, the Thomas White International ADR SMA product returned 4.6%, -2.8%, and 9.5% on an annualized basis, outperforming the benchmark index, which returned 3.6%, -3.7%, and 8.2% over the same periods. Thomas White International managed \$401 million in Separately Managed Accounts under the International ADR strategy, as of March 31, 2013.

The Thomas White International ADR SMA product is available to investors directly from Thomas White International, and through a variety of wirehouse and broker-dealer platforms.

Thomas S. White, Jr., president of Thomas White International and head of the firm's Investment Committee, attributes the consistent portfolio performance to the distinctive investment approach as well as the quality and discipline of the research process. "A differentiated investment approach that is 70% quantitative and 30% fundamental sets the firm apart from most other managers", Mr. White said. The firm's Investment Committee members average more than 24 years of experience and over 17 years together as a team.

In order to qualify for an SMA Manager of the Year Award, a manager's product must report to the PrimaGuide research application, contain at least \$200 million in assets and have management with tenure of at least three years.
